

Clean Virginia

Job Description: Social Media Fellow

Clean Virginia is an independent and bipartisan advocacy organization with an associated Political Action Committee. We are working towards a Virginia where clean, affordable and reliable energy is accessible to all, and where elected officials are accountable to the communities they serve. We believe in a

government where regular people have the biggest voice in our policy process and political system—not wealthy special interests or corporations.

Clean Virginia is working towards this vision in three ways. We:

1. Work with a broad movement to engage the public about the harmful impacts of corruption in Virginia and organize communities to promote campaign finance and energy reform.
2. Engage in innovative research to advance the next generation of energy policy in Virginia.
3. Support delegates, state senators, and candidates for Virginia's General Assembly and Executive Branch who share a principled stance of refusing contributions from publicly regulated utility monopolies through Clean Virginia Fund, Clean Virginia's Political Action Committee.

About Us

We are a highly collaborative staff, and we lean on the collective experience, knowledge, and skills of our team and cultivate interpersonal trust and open communication. Clean Virginia believes a staff that reflects the Commonwealth's diversity is central to our organizational goals of advancing clean governance and an equitable clean energy transition in Virginia. We are committed to 1) building an inclusive team at Clean Virginia in which diversity is deeply appreciated for its ability to strengthen teams, 2) fostering a welcoming work environment in which everyone feels safe, respected, and valued, and 3) offering equitable employment policies and benefits.
